## ENTERPRISE TO INVADE ELBA IN TILT TOMORROW

By Bobby Innman

After holding the highly-regarded Opp Bobcats to seven points in the first half, the Elba Tigers allowed two touchdowns in the second to fall 20-0 Friday in Elba stadium.

It was Opp's superior weight and numbers that finally wore the Tigers down in the last two quarters, after a fairly close first half. In the first quarter, the home-standing Tigers held Opp well and allowed no score. The Opp defense began rolling in the second and after a 25-yard punt return by Louie Grimes, it took only three plays for Grimes to smash over from the two.

### Scores on Fumble

The second Opp counter was added in the third quarter when Winston Rowe, Opp End, picked up an Elba fumble deep in Tiger territory and went 30 yards for the TD. Opp scored again over a firing Elba line as they sent Thomas Schofield over Elba's left tackle with only 28 minutes remaining in the game.

Opp was sparked in the win by crafty quarterback, Louie Grimes, who already is pushing for All-Conference recognition. Also figuring greatly in the win were David Whinnant and Thomas Schofield. Elba's top ball carrier for the evening was Earl McCollough, who was last week named by the Birmingham Post Herald as one of the State's top backs. Tom Dyess and Jack Flowers were out front with Flowers carrying several times for good gains. Jimmy Wise handled his team well from the quarterback slot.

### Line Performs Well

The Elba line, although vastly outnumbered and outweighted, gave a creditable performance. Billy Joe Brunson, Wayne Devine, Jerry Fuller, Billy Meeks, and Donald Crocker were standouts in the forward wall.

Opp gained 266 yards in 15 first downs to Elba's 114 yards in 8 firsts. Elba completed one of eight passes for 9 yards and had two intercepted. Opp completed 3 of 12 passes for 24 yards and had one intercepted. Excellent halftime shows were given by the bands of both schools, but any of the 2,500 spectators will give the band victory to Elba's fine marching crew. Presenting the 1958 edition of the Tiger band, a fine show was given by the Elba musicians under Mr. Robert Hall, the director.

The Tigers play the Enterprise Wildcats tomorrow in Elba Stadium with kickoff time at 8 p.m. Enterprise has yet to attain a victory in three outings this year, but still must be considered a definite threat.

### Dress Revue By Home Clubs To Be Held Oct. 14

By Sara E. Hutchinson  
Jane Walsfield

Many of our club members have completed their dresses for our Dress Revue Oct. 14. Mrs. Bill Ward, Mt. Zion, showed me two wool gowns she had completed and was undecided which to wear. Both are very pretty and look so nice on Mrs. Ward. Mrs. Fred Wood, Kinston, has a lovely red dress to model. The material is called "Eye Catcher" which is a combination of rayon and acrilan. It looks like a wool crepe, but it is washable material. Other women who are planning to enter are: Mrs. C. Stephenson, Mrs. John Fullerton, Enterprise club.

Enterprise club also had two new members, Mrs. James Jolley and Mrs. B. W. Ingram.

Schedule for October 1st: Goodman, Wednesday, Oct. 1 with Mrs. Ira Allen at 1:30 p.m.; Chestnut Grove, Wednesday, Oct. 1 with Mrs. Elizabeth Wilkes, Thursday, Oct. 2 with Mrs. J. D. Rodgers at 1:30 p.m.; Double Heads, Friday, Oct. 3 with Mrs. Curtis Chapman at 1:30 p.m.; Perdue, Friday, Oct. 3 with Mrs. M. M. Newcome at 1:30 p.m.

A Rules committee consisting of Lister Brunson, J. C. Lewis and Ed Jones was appointed.

### Hunting and Fishing Licenses Go On Sale

Judge J. O. English strongly advised that anyone needing a license for the coming season get them early and avoid the last minute rush.

Hunting and fishing, business and professional license may be obtained at the present time.

Motor vehicle licenses went on sale Oct. 1. Prices of all licenses are the same as last year.

The Probate office will be open from 8 a.m. until 5 p.m. and also Thursday afternoon from Oct. 1 thru Nov. 15.

### THE DIVIDING LINE

"A rule broken ceases to be a rule." So runs the adage. And so it is when a newspaper breaks its rule with regard to publication free of charge of anything that is news but assessing a charge for all advertising.

The textbook definition of advertising is as follows: "Dissemination of information about offering for sale of goods services or ideas."

The inclusion of "services or ideas" is often overlooked. For instance: If an organization collects used clothing for distribution to needy persons, that is news for which there is no charge, but if the clothing is then offered for sale to raise money for charity that is advertising.

However, most newspapers, including The Elba Clipper, have a special low advertising rate for non-profit organizations.

### BEAUTY QUEEN WILL BE NAMED NEXT THURSDAY

A beauty contest to select an Elba representative for the Dothan Peanut Festival will be held next Thursday, Oct. 9, at 7:30 p.m. at the Elba Theatre. Those are the arrangements made so far by a committee of the Lions Club consisting of S. J. Casey and Marion Brunson named to plan for the event.

### NEW OFFICERS INSTALLED BY ELBA HIGH FFA

The Elba Chapter of Future Homemakers of America met the first time Sept. 23 in the High School auditorium.

Virginia Lee Dorsey, retiring president, called the meeting to order and took charge of the installation service for officers for 1958-59.

The newly elected officers are: President Charlotte Vaughan; Vice President Nan Spurrin; Secretary Natalie Hayes; Historian Margaret English; Reporter Geraldine Jackson; Parliamentarian Patsy King; Photographer Henrietta Mack; Pianist Marlene McCull; Song Leader Judie Pearce; and Song Leader M. M. Newcome.

Following the installation service, Charlotte Vaughan made a brief acceptance speech and took charge of the meeting. She appointed Nan Spurrin, Rhetta Ann Crook and Patricia Lee to serve as program committee for the year.

Sue Ann Cox presented the devotional, Rhetta Ann Crook rendered a Marilyn Monroe and Martha Raye version of "Mary had a Little Lamb."

Jeanette Paul, Lynda Crook, and Ella Kate Allen accompanied by Linda Spurrin at the piano.

The club then sang the FFA song and some pep songs.

### Services To Canker Victims Are Given

Paying the cost of transportation for medically indigent cancer patients to a state-aid treatment clinic is one of the services of the American Cancer Society program in Coffee County, according to Mrs. Haywood Grimes, who is Coffee County Educational Chairman for ACS.

Mrs. Grimes explained that in Alabama, treatment of medically indigent cancer patients is a function of the state, as provided by law. There are six state-operated cancer clinics in the state. Two are in Birmingham, two in Montgomery and two in Mobile. These clinics serve the entire state. At these clinics, approved patients receive treatment without charge. Public spirited physicians and surgeons give their services free to the treatment of these clinics.

The patient is expected to provide his own transportation if possible. If he is unable to do so, the American Cancer Society, Alabama Division, Inc., will pay the equivalent of the patient's bus fare from his home to the clinic and back home.

### RUSSIANS TO VISIT

Alabama Electric Cooperative will be one of nine "port of calls" to be visited by an eight man Soviet Russian agricultural delegation now on a 34 day tour of the United States under the sponsorship of the U.S. Department of State.

Some of the original azaleas which form the 35 mile annual Mobile Azalea Trail each February, were planted by wives of the early 18th century French garrison which founded Mobile.

### A. P. DEWBERRY KILLED WHILE ON TRUCK TRIP

Albert Preston Dewberry, 46, taxi driver of Elba, was killed instantly Tuesday about 11:30 p.m. at Orange, Va., while on a truck-driving trip.

Dewberry was with Jack Windham, trucker, when he was killed while passing through Orange. They were making the trip together, taking turns at the wheel.

Mr. Windham said Dewberry had been asleep in the sleeper compartment and had climbed down into the seat carrying on a conversation when he appeared to be making a turn at a corner. He suddenly pulled on the emergency brake and jumped from the cab falling under the wheels.

The body was being returned to Elba, but funeral arrangements had not been made when The Clipper went to press. He is survived by his wife and three children: Braxton, Bobby and Louise, who are both students in Elba High School.

Mr. Dewberry was a regular driver for Blackmon's Taxi in Elba.

### TWO TILTS PIT UNBEATEN GRID SCHOOL TEAMS

Only three conference games are on the docket in the South Alabama Conference this week but two match undefeated loop teams. Heading the list of attractions is the Greenville - Opp game in Greenville, where the unscathed Bobcats are slated to get a real test at the hands of coach Luke Whitson's Greenville Tigers.

After squaking by Troy 6 to 0 in the opening game, Opp has breezed past Florala and Elba for a perfect record of three straight wins and is riding high stop the conference standings. Greenville dropped a non conference decision to Robert E. Lee to open the season, but served notice they were out to make a fight for the loop title.

Troy 14 to 0 last week. Comparative scores mean little and Opp will enter the game as the favorite, but a Greenville victory wouldn't be too surprising.

Andalusia, co-favorite with Opp for the conference title, is idle this week and Ozark meets non-loop member Eufaula, but the other two undefeated conference members, Samson and Hartford, meet in Hartford in another headliner. Samson has two conference victories and a three and nothing overall record, while Hartford has won two games, one against conference opposition, without defeat.

Greenville's surprisingly good showing against Troy after being lightly regarded in preseason ratings, plus Samson's bursting of the Geneva bubble in a 27 to 0 victory were the highlights of last week's action and put them in a spot to challenge Opp and Andalusia for the conference title. Ozark, idle last week, and Hartford, victory over Slocumb in a non-conference game, are also undefeated in conference play and must not be considered out of the running for the title.

Andalusia took its second loop win with a 19 to 0 victory over Lurven last week, while Opp made it three in a row with a 20 to 0 win over Elba. In the only other conference game Georgiana got into the win column with a 13 to 12 squeaker over Florala.

Against outside opposition last week conference teams took a two to 1 beating as Hartford found the only success with a 40 to 6 win over Slocumb while Enterprise bowled to Eufaula 20 to 0, and Evgreen dropped a 6 to 0 decision to Monroeville.

### Through the Keyhole

BY MRS. ROBERT CANNON

TIME AND TIDE wait for no man, but we wish fate had left the Johnsons here instead of calling them to Dothan. How very much we are going to miss Leslie and Elizabeth, as well as those three fine boys, whom we have looked forward to entertaining when our little Miss should decide to trade her dolls for high heel shoes. The Johnsons have become such a part of our life that we

will always be reminded of them when we see certain things, a child clad in a white boy dress running on sturdy little legs to catch his brother; a Sidway piano; oil paintings hanging in every room in the house; and always the smile of friendship. We envy the people of Dothan in their good fortune.

FALL FLOWERS in artistic arrangements centered the long table placed in all the respective rooms at Ora Sewell's house, which was planned for entertaining when she, Irma Warr and Mary Alice Wise were hostesses at a luncheon honoring Elizabeth Johnson.

The party was an event of last Monday noon and every one reports a really good time. Elizabeth was stunning in a dress of black velvet collar and accented by a velvet hat.

The hostesses presented her with a handsome "well - and tree" platter of silver, which was lovely.

Attending were: Thelma Clark, Helen Rainer, Katherine Windham, Katherine Dorsey, "Miss Auntie" Dorsey, Lorene Sawyer, Betty Dorsey, Ida Kim, Frances Hutto, Idelle Whitman, Mary Virginia Dorsey, Laura English, Frances Prior, Peggy Devane, Gwynn Marsh, Gladys Clark, Margaret Haire, Annie Bess Rowe, Mildred Murphree, Kate Murphree, Dorothy Lindsey, Gloria Mathes, Poncey Collier, Martha Frances Stephens, Mrs. O. Dowling, Miss Mable Brunson and Mrs. Ross Smith.

A LARGE HORSHOE entwined with ivy, spider lilies and Chinese unweias provided a delightful conversation piece at the party given Thursday evening for Leslie and Elizabeth by the Neal Hutts and the Robert Marshes. Underneath this "good luck" arrangement, and centering the table, was a large toy trailer truck filled with overflowing with doll house furniture, an odd shoe, and a baby grand piano. A very original and appropriate decoration to the barbeque house at the Hutts', which was the setting for the party.

Neal and Robert served fruit cocktail to the 45 guests from a large punch bowl and, after this first course, the Chinese dinner was served outdoors at long picnic tables. The main dish was Chow Mein and every one did justice to Frances and Gwynn's good cooking.

PINK WROUGHT IRON furniture glowed softly in the warm and happy voices drifted down from the patio of Katherine Dorsey's home. Sam Sawyer and Henry Dorsey presided over the charcoal grill, wherein reposed large steaks. Golden chrysanthemums created a fall note and the talk was of interesting things.

Honorees were Leslie and Elizabeth and hosts were: Katherine, "Miss Auntie" Dorsey, Lorene and Sam Sawyer, and Mary Virginia and Henry Dorsey. And the guests list included only the members of the family and the neighbors. It was a nice way to spend an evening.

### ODCM Has Vast Supplies In 'Bank' If U. S. Is Hit

One of the nation's largest "bank accounts" against the possibility of enemy attack is the Office of Defense and Civilian Mobilization's stockpile of strategic materials.

Stored away in 43 ODCM warehouses across the United States are about \$250,000,000 worth of medical and engineering supplies—enough to aid millions of Americans after an attack.

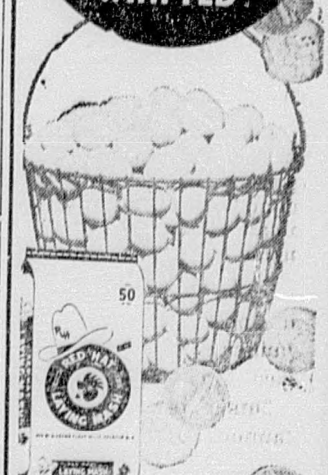

MEDICAL STOCKPILES include 1,932 civil defense emergency hospital units and back-up supplies estimated sufficient for 44 million persons for three weeks.

In the engineering stockpiles are approximately 25,000 tons of equipment and supplies. They contain materials essential to restoration of public facilities—water

the plants in profusion, making this one of Elba's prettiest spots.

The Elba High Tiger Bee team, under the direction of Coach Bill Travis, journeyed to Troy Monday, Sept. 22, to take a 35-0 loss from the Trojan Bees.

After holding the winners to only 14 points in the first half, the Elba defense weakened, and the Troy offense began to click on short passes and a good running attack. Elba made only one serious threat in the game, getting to the Troy 12 yard line before they were halted by a fumble.

Jimmy Sanders, the Elba quarterback, and Elmer Twilley halfback, were the leading ground gainers.

# A Message From DORSEY TRAILERS

It is no secret that one of the Unions is trying to get a foothold in this Community. They have tried on other occasions and have found that the citizens of Elba, including both businessmen and our employees, do not welcome them with enthusiasm because of violence and threats that go along wherever they operate. On one occasion and for a few months, Elba had the bad experience of too much Union influence and activity and knows what this can do to discourage industry locating in our town. We are quoting below a couple of communications that have been sent to our employees stating our position:

Elba, Alabama  
September 10, 1958

TO THE EMPLOYEES OF DORSEY TRAILERS, INC.

Gentlemen:

It has come to my attention that a Representative or Representatives of a Labor Union are contacting our employees to obtain authorization to represent them as a bargaining agent.

Those of you who were with the Company when we had a Union will recall the disastrous affect suffered by all of us during the short time the union was active for the employees as a bargaining agent.

At present, and without the assistance of any union or bargaining agent, you are now receiving fifty percent of manufacturing profits, a pension plan which is worth in excess of a half million dollars, your life insurance is paid by the Company, your hospital insurance premiums are paid by the Company, you have paid vacations. All of this belongs to you under the PRESENT program.

The profit - sharing and other benefits paid by your Company equalled thirty - three percent of the base wages paid employees during the past year. This means that an employee whose base rate was \$1.46 per hour actually earned \$1.94 per hour. All of this without any contribution on your part. We also have a grievance committee selected by the employees themselves.

I think our men should consider whether it is necessary for them to pay some outsider every month for the privilege of working at Dorsey Trailers, or whether any union can do as much for you as we are doing now. We feel that we have always made a better bargain for our men than any outsider could, we have never had to bargain AGAINST our men and we don't expect to begin now.

We know of no union shop that gives its employees the benefits which you are now enjoying, and we cannot see how our employees could expect to receive more with union representation.

May I suggest that you give serious thought and discuss this matter with your fellow employees, your family, and with any member of management since it will have an important effect on you and your family's future.

DORSEY TRAILERS, INC.,  
J. V. WRIGHT  
President

Elba, Alabama  
September 29, 1958

To The Employees Of Dorsey Trailers:

Dorsey Trailers is a young company which has come a long way since its inception. We are now struggling to retain our business and get more business against large and wealthy competitors. Whatever success we have had in the past we owe in a large part to each of you employees who have been loyal to the company and have done your utmost to produce and sell a good product.

Our company has grown and with its growth the employees have benefited by increased wages, decreased hours, vacation benefits, profit-sharing benefits, retirement benefits, etc. NO UNION GOT THESE BENEFITS FOR YOU. Your loyal support of the company, your increased efficiency and your devotion to your particular jobs were the cause for your getting these benefits. YOU GOT THEM FOR YOURSELVES. You continue to receive a periodic wage increase, more company profits, greater pension and insurance benefits and your income will grow along with the growth of the company. DON'T PAY DUES AND ASSESSMENTS TO A UNION who can only TRY to get what YOU can get without any cost by your continued loyalty to Dorsey.

Don't be misled by the claim of some foreigner union representative of what a union can do for you. If a union is certified as the bargaining representative of Dorsey employees, the law requires only that Dorsey bargain in good faith. It is the privilege of Dorsey to commence negotiating a contract covering wages, hours and working conditions by starting from scratch. That is to say, Dorsey can offer the union to pay all of the employees only what the law requires (\$1.00 per hour) and nothing more. It is possible that after the contract is negotiated, you may be receiving less, the same or more in hourly rates, vacation benefits, pension and insurance benefits and profit sharing plan. There is no guarantee under the law that you will even receive the same thing that you are now receiving.

IS IT WORTH PAYING DUES TO SUPPORT LARGE SALARIES TO UNION OFFICIALS WHEN YOU MAY WEND UP WITH LESS THAN YOU HAVE NOW? ???

Dorsey and the employees have gotten along well. Neither one of us need a union. Neither one of us want a union. We have worked well together in the past. Let's continue to be loyal to each other in the future. Everybody at Dorsey is always available to talk to each person about their problems. You don't have to pay dues and assessments and big salaries to union officials to do your talking and thinking. You have done it for yourself in the past and you can do it any time you want in the future.

Yours Very Truly,

DORSEY TRAILERS  
J. V. WRIGHT  
President

Let's continue our progress without foreign Union influence and confusion. They have no interest in our workers or the community other than the dues and assessments, all of which are siphoned from our area and sent to Headquarters in other parts of the country.

THOM CASADAY - ASSISTANT COUNTY AGENT

Those of us in the County Agents Office were delighted to see the cooperation in the Fine Level Community late last week when the boys and girls got their 4-H Beef calves.

Several of the parents, including Elmer Bryan, James Bryan, George and Wilton Bryan, Bill Carter, Henry Clark and Doc Carpenter pitched in to help the boys and girls get their calves unloaded. They stopped picking peanuts, cotton and all the other things they were doing to help their children. I was delighted and impressed with their spirit of helpfulness. Communities will do an excellent job. Even though there is a possibility that they won't make as much

money next year as they did this year, we feel confident the training they get will help to make up the difference in the event the price is lower. For training boys and girls is still by far the most important, and we look forward to seeing these youngsters develop. It's a real privilege for us to work with them.

Grazing— A little grass in the winter will make a lot of difference in the growth, appearance and health of both cattle and hogs. Ordinarily, we are blessed with enough rain during the fall, winter and spring to have some good grazing, and as a rule the winters are mild enough to allow minimum growth. All of these things cause me to think again of the possibilities we have here in Coffee County to do a much better job in feeding our livestock and hogs. Research and farmer experience shows that usually we can have good grazing starting about the middle of December. If we do the right thing in fertilizing and plowing, and most farmers agree that grazing is the cheapest feed for our livestock in Coffee County. We don't have to harvest it, we don't have to store it, it protects and builds up the land, it gives better yields the following year, and taken as a whole, it just seems smart to plant grazing for winter and spring.

4-H Club members with livestock projects can certainly use some real demonstrations on good grazing. A lot of boys with only one cow and with one small grain with or without vetch, for their livestock projects. They can keep good records and we believe grazing will pay. I'd like to see several boys in several communities take an acre of land, fertilize it properly, top-dress it properly, control the grazing when the ground is too wet and just find out how well they can do in supplying grazing.

Poultry Show— We extend a special welcome to all the people in Elba and surrounding communities to attend the Seventeenth Annual Poultry Show Saturday morning in front of the Elba Court House.
